SPRING 1925

F. W. KELSEY NURSERY CO.

50 CHURCH STREET

NEW YORK CITY

NEW YORK

This list is much abbreviated. We shall be glad to make you a quotation on any variety of stock not appearing here.

FOREWORD

We are a responsible merchandising company dealing in all kinds of hardy nursery stock, Seedlings and Tree Seeds. Our growing list of customers means necessarily that our service is satisfactory. What is our service?

Quality. Kelsey stock is grown wherever it grows best. Rhododendrons, for instance, in Pennsylvania—our collectors have worked in our reservations there for many years shipping the finest native Rhododendrons and Mountain Laurel. It is far enough north to be hardy and not so far north but that the plants make a good growth and we can make our customers a good price. (See pages 10 and 11.) Certain varieties of shade Trees grow best in the middle West and Ohio; That is where we grow those varieties. And so on, through the list. Kelsey stock is grown wherever it grows best—but always with regard to distances in shipping. Always as near the points of destination as possible.

Price. By growing in quantity and in the locality where a variety does best, we can afford to meet any competition in regard to values.

Not of one Nursery, but the product of all the best nurseries of the country are at our disposal. Thus we furnish not only large planting lists complete on the most favorable terms, but rare and scarce varieties as well, including — Red Flowering Dogwood, Hardy Hybrid Rhododendrons, Azaleas, large Box etc. Many of our patrons have been customers since the business was established here more than forty years ago, which must mean satisfaction.

The antiquated idea that planting material—nursery stock, etc.—cannot be more advantageously furnished by a reliable merchandising company with exceptional facilities, than by a single nursery or a few nurseries, is rapidly disappearing before the continued demonstration of practical experience. This company is an excellent example and has been since its founding in 1878.

COMPACT ARBOR VITAE (T.Com-
pacta)—EHK—4 to 6 feet—a very
compact form of Siberian.

	(10)	(100)
12 to 18 inches	17.00	150.00
18 to 24 inches	24.00

ORIENTAL ARBOR VITAE (T.Ori-
entalis)—EGIJ—4 to 5 ft. Dense and
pyramidal with light green foliage,
rich brown in winter.

	(10)	(100)
18 to 24 inches	15.00	100.00

**GOLDEN DWARF
ARBOR VITAE**
(12 - 18 Inches)

GOLDEN DWARF ARBOR VITAE

Golden dwarf form of above—*Thuja*
Or. Aurea nana—12 in... \$2.50 each

SIBERIAN ARBOR VITAE (T.War-
reana)—EHK—10 to 15 ft. Heavy
blue-green foliage.

	(10)	(100)
15 to 18 inches	17.00	150.00
18 to 24 inches	24.00
2 to 3 feet	35.00

CYPRESS (Retinispora)

PLUMED JAPANESE CYPRESS (R.

Plumosa) — EIK—15 feet. Dense
delicate foliage light green.

	(10)	(100)
12 to 18 inches	15.00	100.00
18 to 24 inches	22.00

GOLDEN PLUMED CYPRESS (R.Pl.

aurea)—EIK—15 feet—Golden tipped
branches.

	(10)	(100)
12 to 18 inches	15.00	110.00
18 to 24 inches	22.00

THREAD-BRANCHED CYPRESS (R.

Filifera)—EK—10 to 15 ft. String-
like, drooping foliage.

	(10)	(100)
12 to 18 inches	16.00	110.00
18 to 24 inches	35.00	290.00

**RETINISPORA
PLUMOSA**
(Specimen)

EVERGREENS

**RETINISPORASQUARROSA
VEITCHII
(Specimen)**

VEITCH'S SILVER CYPRESS (R. Squarrosa) — EGIJ—10 to 15 feet. Pyramidal and dense with silvery feathery foliage—a beautiful tree.

	(10)	(100)
12 to 15 inches	15.00	100.00
3 to 4 feet	6.00	each

FIRS (Abies)

DOUGLAS FIR (A. Douglassi)—EHK—40 to 50 feet—compact dense foliage of dark green.

18 to 24 inches	\$2.75 each
2 to 3 feet	5.50 each

SILVER FIR (A. Concolor)—EHK—40 to 50 feet—foliage steel blue to silver—dense conical shape.

	(Each)	(10)
18 to 24 inches	\$4.75	\$42.50
2 to 3 feet	5.50	50.00

JUNIPERS (Juniperus)

COMMON JUNIPER (J. Communis)—EGK—3 to 4 ft. Prostrate—fine for rock cover.

	(10)	(100)
12 to 18 inches	18.00	125.00
18 to 24 inches	24.00

IRISH JUNIPER (J. Hibernica)—EHJ—8 to 10 ft. A dense narrow column with light green foliage.

	(10)	(100)
12 to 18 inches	10.00	80.00
18 to 24 inches	13.00	110.00
2 to 3 feet	24.00

PFITZER'S JUNIPER (J. Pfitzeriana)—EGK—4 to 5 ft. Vase shaped spreading foliage, soft green. Thrives under city conditions.

	(10)	(100)
12 to 18 inches	30.00
18 to 24 inches	35.00	275.00

PROSTRATE JUNIPER (J. Sabina prostrata)—EHK—1 to 2 feet. Very spreading. Dark green foliage.

	(10)	(100)
12 to 15 inches	12.50	80.00
15 to 18 inches	14.00
18 to 24 inches	15.00

**SILVER FIR
(Specimen)**

**SWEDISH
JUNIPER
(Similar to Irish)
(4 to 5 Ft. High)**

For letters after each name see Key inside back cover.

EVERGREENS

**PROSTRATE
JUNIPER**
(18 - 24 In. High)

RED CEDAR (*Juniperus Virginiana*)

—EHK—20 to 30 ft. Branches upright. Conical in growth. Foliage dark green.

	(10)	(100)
2 to 3 feet	25.00	200.00
3 to 4 feet	45.00	400.00

TRIPARTITE JUNIPER (*J. Tripartiti*)

—EHK—3 to 4 feet. A dwarf of irregular habit. Very dense. Blue-gray in color. Very robust.

	(10)	(100)
18 to 24 inches	2.00	17.00
2 to 3 feet	3.50	30.00

HARDY HYBRID RHODODENDRONS—FK—
 We offer a few of the best varieties. Write for information.

12 to 18 inches	5.00 each	40.00
18 to 24 inches	6.00 each	45.00

TWO WAYS OF OBTAINING

EVERGREENS FOR SCREENS

FROM our complete assortments, we can offer the following Evergreens—several times transplanted and healthy, but not sufficiently branched and bushy to be used for landscape work or fine ornamental planting. They are, however, ideal for mass planting, screens, hedges, etc.

The very special net prices quoted are less than half regular wholesale prices for the same size and variety in standard grades.

This stock is located in our western nurseries not far from Chicago, and we are shipping carloads and less than carloads to New York and the East.

If you can use any items on this list, we might include your order in a car lot shipment and so the transportation cost would be very low and you would be sure of receiving your stock promptly and in good condition.

NORWAY SPRUCE (*Picea excelsa*)

	(100)
2 to 3 feet	\$35.00
3 to 4 feet	45.00
4 to 5 feet	55.00

JACK PINE (*Pinus Banksiana*)

4 to 5 feet	65.00
-------------------	-------

NORWAY RED PINE (*Pinus Resinosa*)

18 to 24 inches	35.00
2 to 3 feet	45.00
3 to 4 feet	85.00

SCOTCH PINE (*Pinus Sylvestris*)

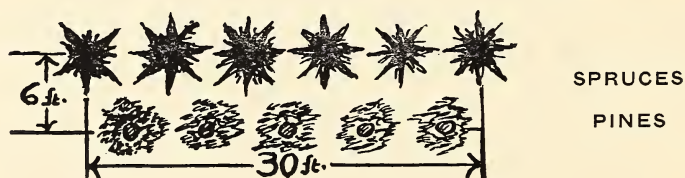

18 to 24 inches (light)	10.00
2 to 3 feet (light)	25.00

WHITE PINE (*Pinus strobus*)—This stock can be shipped, on account of its location, into N. J., N. Y., New England states and many other states, and is absolutely free from any blister rust.

3 to 4 feet	55.00
4 to 5 feet	65.00

We cannot accept orders for less than fifty (50) of one size and variety, at these rates.

A PRACTICAL SCREEN PLAN

A section 30 feet long from a screen that has been proved practical by experience. A line of Spruce six feet apart and behind them a line of Pine, alternating. The low branches of the Spruce and the spreading tops of the Pine combine to make an impenetrable and pleasing mass of green—winter and summer. The plan requires an evergreen every 3 feet of screen line.

EVERGREENS AT LOW COST

EVERGREENS FOR FORESTRY

ANY of our customers who are willing to wait a few years until small evergreens grow into large ones WILL FIND THE FOLLOWING SPECIAL OFFERS OF UNUSUAL INTEREST.

All the trees here offered are nursery grown and healthy. We cannot ship less than fifty of any one variety and size. This stock is not shipped with ball—but the roots are shaken clean and packed carefully in damp moss for expressing to their destinations.

For complete List of small Evergreen and Deciduous stock, we refer you to our Forestry Guide—a copy of which will be mailed on request.

Some of our Seedlings and Transplants

AZALEAS HINODIGIRI and AMOENA	(100)
Nice plants from 2 inch pots	25.00
RHODODENDRON MAXIMUM
